

BLOW SMOKE

to the tune of Bang Band by Jessica J, Ariana Grande, Nicki Minaj

VERSE 1

You've got some warnings that are really wack
They don't do anything to stop the lure
The plain packaging Australia's packs
They're guaranteed to Gross you out for sure,
yeah

We've Been waiting For That
Le - ga-lizing the new packs

Show everybody what is bad for you
Cuz if they knew It would blow their minds, yeah

CHORUS

BLOW SMOKE

That's what you do (deliberately)

BLOW SMOKE

Try to confuse (so deceptively)

Wait a minute

Got to stop right there

Wait a minute

Got to...(ah, hey)

DON'T SMOKE

Protect your heart (you don't have to quit)

DON'T SMOKE (if you don't start)

And that's a promise

Wait a minute

Listen - just be aware

Wait a minute

Got to... (ah, hey)

VERSE 2

They might of tried to teach you D.A.R.E. in school

But I'mma show you to ignite your flame
No, I don't need to hear them talk the talk
And then sit back and look to place the blame, ohh

We are ready
To dish hhhhh
MAKE TOBACCO vanish

Show everybody what is bad for you
Cuz if they knew
It would blow their minds, yeah

CHORUS

VERSE 3

Like sweet moscato
Vape juice in a bottle
Nicotine full throttle it's oh oh
Drowning in the grotto
Kids losing in the lotto
They're Juuling in the auto -
want mo mo
Hookah's they blow
They'll kill you slow
Ash on your tongue & back of your throat

pbcbusposter.org

Just start kickin' it
Those carcinogens
Kick a field goal - win it
Finish it
Shisha goza you know-za
Both are links to lip cancer
Squamous cell carcinoma
Some fancy medical banter
If you don't get your quick fix
Your mind start to play tricks
Begin
Acting like a fiend
Become a rebel not for kicks

Uhh, D to the O to the N to the T to the uh
uh
S to the M to the O to the K to the Eeeee

Show everybody what is bad for you
Cuz if they knew
It would blow their minds
Baby

CHORUS

DON'T SMOKE
Got to not smoke

(repeat)

BIG TOBACCO

to the tune of Head and Heart by Joel Curry

Oh my gosh oh my gosh, decades of work undone
Big Tobacco's on the scene, doing things they've always done
Oh my gosh, oh my gosh, kids suffer addiction
Become frozen in motion - like a rat trapped on a wheel
(Trapped on a wheel)

Awful feelings, betrayal of trust
Try disregarding, but enough is enough
Big Tobacco
E-cigs, vape potions, disposable CRUSH
Kids like frozen in motion, try to quit but cannot stop

Big Tobacco
Big Tobacco

Oooh, oh my gosh, oh my gosh, can't believe what they've become
They're making things they shouldn't make, & try to sell to everyone
Ohhh - oh my gosh, oh my gosh, kids suffer addiction
Become frozen in motion - like a rat trapped on a wheel
(Trapped on a wheel)

Awful feelings, betrayal of trust
Try disregarding, but enough is enough
Big Tobacco
E-cigs, vape potions, disposable CRUSH
Kids get frozen in motion, try to quit but cannot stop

Big Tobacco
Big Tobacco

Big Tobacco
Big Tobacco

Didn't come this far
To only come this far
Am playing all of our cards
Decades of work undone - hear my rant

Big Tobacco
Big Tobacco

Big Tobacco
Oh my gosh oh my gosh, decades of work undone
Big Tobacco's on the scene, doing things they've always done
Oh my gosh, oh my gosh, kids suffer addiction
Become frozen in motion - like a rat trapped on a wheel
(Trapped on a wheel)

Big Tobacco

RENEGADING

to the tune of Levitating by Dua Lipa

VERSE 1

Know you wanna advertise to me,
your reps are snap chatting,
everyone sees that t's not right

I had a premonition that I fell into addiction,
couldn't shake a ball and
chain for life

You just glamorize
Lie bombs in disguise
Understand now, reasons why

You gotta make sure you get fifty per cent
new re-placement smokers to replace ones
who've died

BRIDGE

You want me
To get hooked, baby
On nicotine
I'm RENEGADING
The only way
To Elevating
yeah yeah yeah yeah yeah

CHORUS

I got Truth
Shine Light
You're like
Dark night
For the youth, alright
Come on, let them be
I'm RENEGADING

(Repeat CHORUS)

VERSE 2

Your intent's to get to me,
engage willing celebrities,
while knowing that you go too far

Got to say whenever, that you never ever
ever, have to quit if you don't ever start

Lie bombs in disguise
Understand now reasons why

Let's stop these ads forever, we can do it ,
work together, and empower kids to shine
like stars

For the kids who never started - solid as rocks
And the ones who got addicted - now can't stop
